## Presentation of Working Groups

### Youth and Sport

**11:15 – 11:30**

Youth is not a future, it is a living present, which is dynamically developing. Therefore, within the framework of the project, we consider it necessary to discuss and adopt a regional youth development program. Healthy youth is the key to a successful future of the state.

**Natalia Kojokar**

*Manager-administrator of Business-incubator, Cheadir-Lunga*

### Education and Culture

**11:30 – 11:45**

In Gagauzia was created the scientific research center with the purpose of in-depth study of the problems of preserving the language and culture of the Gagauzians. The process of transferring the accumulated experience and cultural heritage is impossible without new approaches in education.

**Petr Pashali**

*Director of research center of Gagauzia in name of Marunevich M.V.(TBC), Cheadir-Lunga*

### Social Infrastructure

**11:45 – 12:00**

In this broad direction we have placed emphasis on a very important, in our opinion, institution - the institution of the family and the child. Children are the most vulnerable part of our society. Protection of children's rights and support of young parents should be a priority in the development of Gagauzia.

**Anna Nyagova**

*Associate professor, Comrat*

### Regional Development

**12:00 – 12:15**

Carrying out the analysis of the situation in ATU Gagauzia, it is possible to single out a lot of factors that contribute to the development of autonomy. We would like to narrow the topic and choose the direction of "regional development" - the sphere of tourism. Tourism is a perspective direction in regional development, because Gagauzian colorit and originality attract tourists.

**Serghei Pashkov**

*Director of Public Association European Center of civil initiatives "Stalker", Cheadir-Lunga*
