Working Group **«Education and Culture»**

In Gagauzia was created the scientific research center with the purpose of in-depth study of the problems of preserving the language and culture of the Gagauzians. The process of transferring the accumulated experience and cultural heritage is impossible without new approaches in education and science.

Our main goal is to discuss issues of education and culture and to present real and concrete solutions for these problems. It's very important to understand and to see final goal

Based on the materials provided by expert, the main goal for the 4 sessions of the working group "Education and Culture" is to develop a **Strategy for the development of education, science and culture ATU Gagauzia.**

Agenda of the session

- analysis of the current situation in Gagauzia in the field of education, culture and science from local expert
- experience and opinion of the international expert
- discussion of the analysis in Gagauzia
- discussion of information from the international expert
- ideas \ questions of participants
- Summing up the work session
- work plan for the next session
