## *Working Group* *«Youth and Sport»*

Youth is not a future, it is a living present, which is dynamically developing. Therefore, within the framework of the project, we consider it necessary to discuss and adopt a regional youth development program. Healthy youth is the key to a successful future of the state.

Our main goal is to discuss issues of youth and sport and to present real and concrete solutions for these problems. It's very important to understand and to see final goal

Based on the materials provided by expert, the main goal for the 4 sessions of the working group "Youth and Sport" is to develop a **Strategy for the development of youth of ATU Gagauzia.**

### *Agenda of the session*

- analysis of the current situation in Gagauzia in the field of youth and sports from local expert
- experience and opinion of the international expert
- discussion of the analysis in Gagauzia in the field of youth and sports
- discussion of information from the international expert
- ideas \ questions of participants
- Summing up the work session
- work plan for the next session

## **Natalia Kojokar**

*Manager-administrator of Business-incubator, Cheadir-Lunga*

*Natalia is a young specialist who adequately demonstrated her organizational skills, leading the business incubator of Ceadir-Lunga. At the age of 18 Natalia went Russia, where she received her education as an engineer-economist and a bachelor's degree in management. When she returned to Gagauzia, she held the position of technical director in the organization, then in 2014 she became the head of the business incubator, providing youth to realize their ideas and build their future. Aspiration to ensure the work capacity and self-realization of youth in the sphere of small and medium business motivates Natalia to do her work.*

## **Denisa Harčarová**

*Denisa Harčarová is the director of the School of Leaders, the program focused on developing young leaders run by Training Centre Kompas in Slovakia (partner organization of Josiah Venture). She started working with youth when she was 17, and since then her biggest passion has been to see young people finding the purpose in their lives and contributing to society. In 2012 she received her master's degree in mathematics and English language and literature and a year later she received her PhD in didactics of mathematics at Charles University in Prague*
