Working Group «Youth and Sport»

The second session, coordinated by local expert Natalia Cojocar, was aimed on discussion of the strategic action plan for the development of youth and sport in Gagauzia. The group defined and established priority areas and opportunities for the development of the youth sphere.

The Working Group was very active, so we received a lot of ideas for the development of the youth sector. Based on this, the local expert prepared a strategic action plan, which reflects all the goals and objectives that were chosen during the first and second sessions.

The third session will provide an opportunity to present and discuss the strategic action plan prepared by local expert. With an aim to develop a detailed plan of activities to support youth and sports, foreign expert Sona Stefancikova will evaluate proposals and give recommendations how to improve the strategy from the view of European experience.
