Working Group «Education and Culture»

Within the framework of the GAMCON project, the Working Group discussed ideas and proposals concerning the introduction of elements of non-formal education in educational institutions of Gagauzia.

During the previous sessions, the Slovak experience of introducing the non-formal methods in the educational process, as well as problems which they met when implementing the above mentioned methods was discussed.

Last, fourth session of WG Education and Culture will be dedicated to introduction and means of implementation of European experience in non-formal education into local system of education. Role of experts and participants will be to form a document dedicated to non-formal education methods based on knowledge gained during previous sessions. The document will serve as an action plan for introducing and implementation of non-formal methods in formal education system in ATU Gagauzia.
